**D. W. RUSSELL, Manager.**

***BOSTON.***

BOSTON, SEPTEMBER 1, 1881.

D. W. RUSSELL, formerly connected with the NEW YORK LIFE INSURANCE COMPANY, has received and accepted the appointment of Manager of the **EQUITABLE LIFE ASSURANCE SOCIETY**, of NEW YORK, for the Metropolitan District of Boston and vicinity.

In making this announcement, MR. RUSSELL desires to call the attention of his friends and the public generally to one or two important facts in connection with the Policies issued by the **EQUITABLE**, which ought to commend them to popular favor.

Since July, 1879, all policies upon which three annual premiums have been paid *are incontestable* by their terms, thus doing away with any possible litigation in consequence of errors in application, &c.

All such incontestable policies will be paid at maturity, *without rebate of interest*, IMMEDIATELY after the receipt at the Society's Office, in New York, of satisfactory proof of death, together with a valid and satisfactory discharge from the parties in interest, and *without requiring any delay, even for sixty or ninety days*, as has been the custom heretofore, and is still usual with other companies.

The advantage of this feature will be readily apparent, for upon the death of the protective head, the family usually require the proceeds of a Policy *at once*.

Tontine Savings Fund Policies, originally introduced and adopted by this Society, afford Insurance at the ordinary life rate, and become a modified form of endowment, payable to the holder of the policy, if alive, after ten, fifteen, or twenty years.

Instances are shown where the entire premiums paid, have been returned after an interval of ten years. When the longer periods are selected, this amount returned is considerably in excess of the entire premiums paid, thus making an ordinary Life Policy a good investment. When the higher rate policies, such as fifteen or twenty year endowment, are selected, the accumulation is still greater.

The Society was chartered and commenced business in 1859, and on the 1st day of January, 1881, beside paying all its losses and expenses, had accumulated and securely invested under the laws of the State of New York, upward of Forty-one Millions of Dollars, on which the liabilities, including legal reserves, were \$32,000,000.00, leaving a surplus of over \$9,000,000.00.

Statistics show that during the last ten years less than one per cent of the premiums paid for Life Insurance in the United States has been lost through the failure of companies, a result not attained by any other form of Trust Institutions, so that one may feel safer with investments of this character than any other.

MR. RUSSELL will be pleased to meet any of his old friends at his office, No. 22 Equitable Building, or will courteously respond to any written inquiries.

## PREFACE.

Two years have passed since our last issue, and we present No. 7 of the BROOKLINE DIRECTORY to our patrons and the public.

That Brookline is enjoying an era of prosperity can be seen by the following figures taken from the Assessors' work for the current year;

Real Estate.....	\$13,826,400	
Personal Estate.....	9,896,900	
	<hr/>	\$23,723,300
Rate of Taxation.....	\$10.80 per M.	

The number of polls assessed is 2,052—an increase over last year of 89; number of houses, 1,208—an increase of 18; number of horses, 738—an increase of 24; number of cows, 385—an increase of 31. The number of acres of land is 3,765. The rate of taxation is considerably lower than at any time since 1872.

Below is given a comparative table showing the valuation and rate for three years :

	1879	1880	1881
Real Estate.....	\$13,478,100	\$13,608,400	\$13,826,400
Personal.....	9,015,700	9,261,300	9,896,900
Rate.....	12.60	12.00	10.80

The above shows an increase of \$218,000, on real estate, and \$635,600 on personal property—making a total increase of valuation this year of \$853,600.

Our canvass shows an increase of names over that of last year, as will be seen by the figures given below:

Names in 1881-1882.....	2,749
Names in 1879-1880.....	2,678

Increase over last edition.....	71
---------------------------------	----

We wish especially to call the attention of persons using the directory, to the importance of knowing the precise spelling of a name, before looking for it, as names pronounced the same, but spelled in various ways, will sometimes appear on different pages, and at quite a distance from each other.

Our agents have received the usual courteous attention from all with whom they have come in contact, while obtaining the information for this number, and with many thanks for the same,

We remain very respectfully,

W. A. GREENOUGH & CO.,

October, 1881.

# IMPORTANT IMPROVEMENTS AND LOWER PRICES.

## The Mason & Hamlin Organ Co.

Baby Organs.  
Prices, \$22 & \$30.

possible a REDUCTION IN PRICES on several of the medium and smaller sizes.

Among these improvements may be mentioned:

AN IMPROVED BELLOWS, simplified in construction, of which the action upon the reeds is more direct, with beneficial effect upon the Quality of Tone, while the Blowing is Rendered Easier.

AN IMPROVED KEY-ACTION, reducing the force necessary to manipulate the keys nearly one-half, rendering the whole action more elastic and perfect, and saving fatigue to the player, as well as almost certainly avoiding some of the commonest faults in organ playing.

AN IMPROVED STOP ACTION; simple but efficient and sure in working.

SEVERAL NEW CASES are offered, combining grace and elegance of design, with simplicity and stability of construction.

AN IMPORTANT PRACTICAL ADVANTAGE of these and other improvements effected this season is in greater Economy of Manufacture, by which lower prices of many styles are rendered possible. The MASON & HAMLIN ORGAN CO. now offer the following *Extraordinarily Low Prices*, which certainly have not before been even approached for organs of such highest excellence.

THE BABY CABINET ORGAN (see cut at beginning), three and a quarter octaves, sufficient compass for the full parts of popular sacred and secular music generally, having the characteristic tone and excellence of the Mason & Hamlin Organs; Net Cash Price, \$22. The same, four octaves; net cash price, \$30.

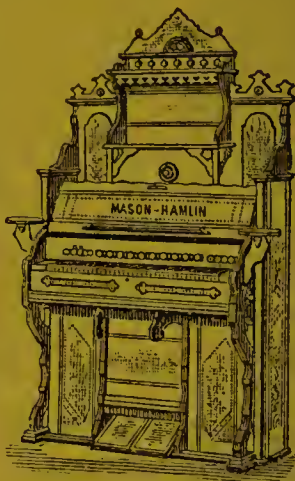

Prices, \$51 and \$60.  
lant, with knee swell; net cash price, \$60.

That standard of merit which has won for the Mason & Hamlin Organ the HIGHEST DISTINCTIONS at EVERY ONE OF THE GREAT WORLD'S INDUSTRIAL EXHIBITIONS for thirteen years, at no one of which has any other American organ ever been found equal to them, is not only rigidly maintained but MATERIALLY ADVANCED. ILLUSTRATED CATALOGUES (32 pp. 4to), with Price-lists, "FREE.

MASON & HAMLIN ORGAN CO., 154 Tremont St., BOSTON; 43 E. 14th St., NEW YORK; 149 Wabash Avenue, CHICAGO.

Whose Cabinet or Parlor Organs have long maintained their Absolute Supremacy as the very Standard of Excellence among instruments of the class, have pleasure in announcing the completion and introduction this season of several improvements of great Practical Importance, which give their organs a still Higher Degree of Excellence, and at the same time render possible

Price, \$102.

very much greater power, variety, and capacity every way, than one of the "cheap" organs, with two or three times its number of stops.

LARGER STYLES of greater capacity are furnished in extensive variety, in very elegant cases, black walnut, ash, or ebonyized, paneled, carved, richly decorated, and highly polished by hand; up to \$900 each. Superb Drawing Room Styles, \$102 to \$570 and up. For Large Churches, \$570, \$480, \$360 and less. For Smaller Churches, Schools etc., \$30 to \$200 and up. Popular Styles, \$22 to \$180 and up.

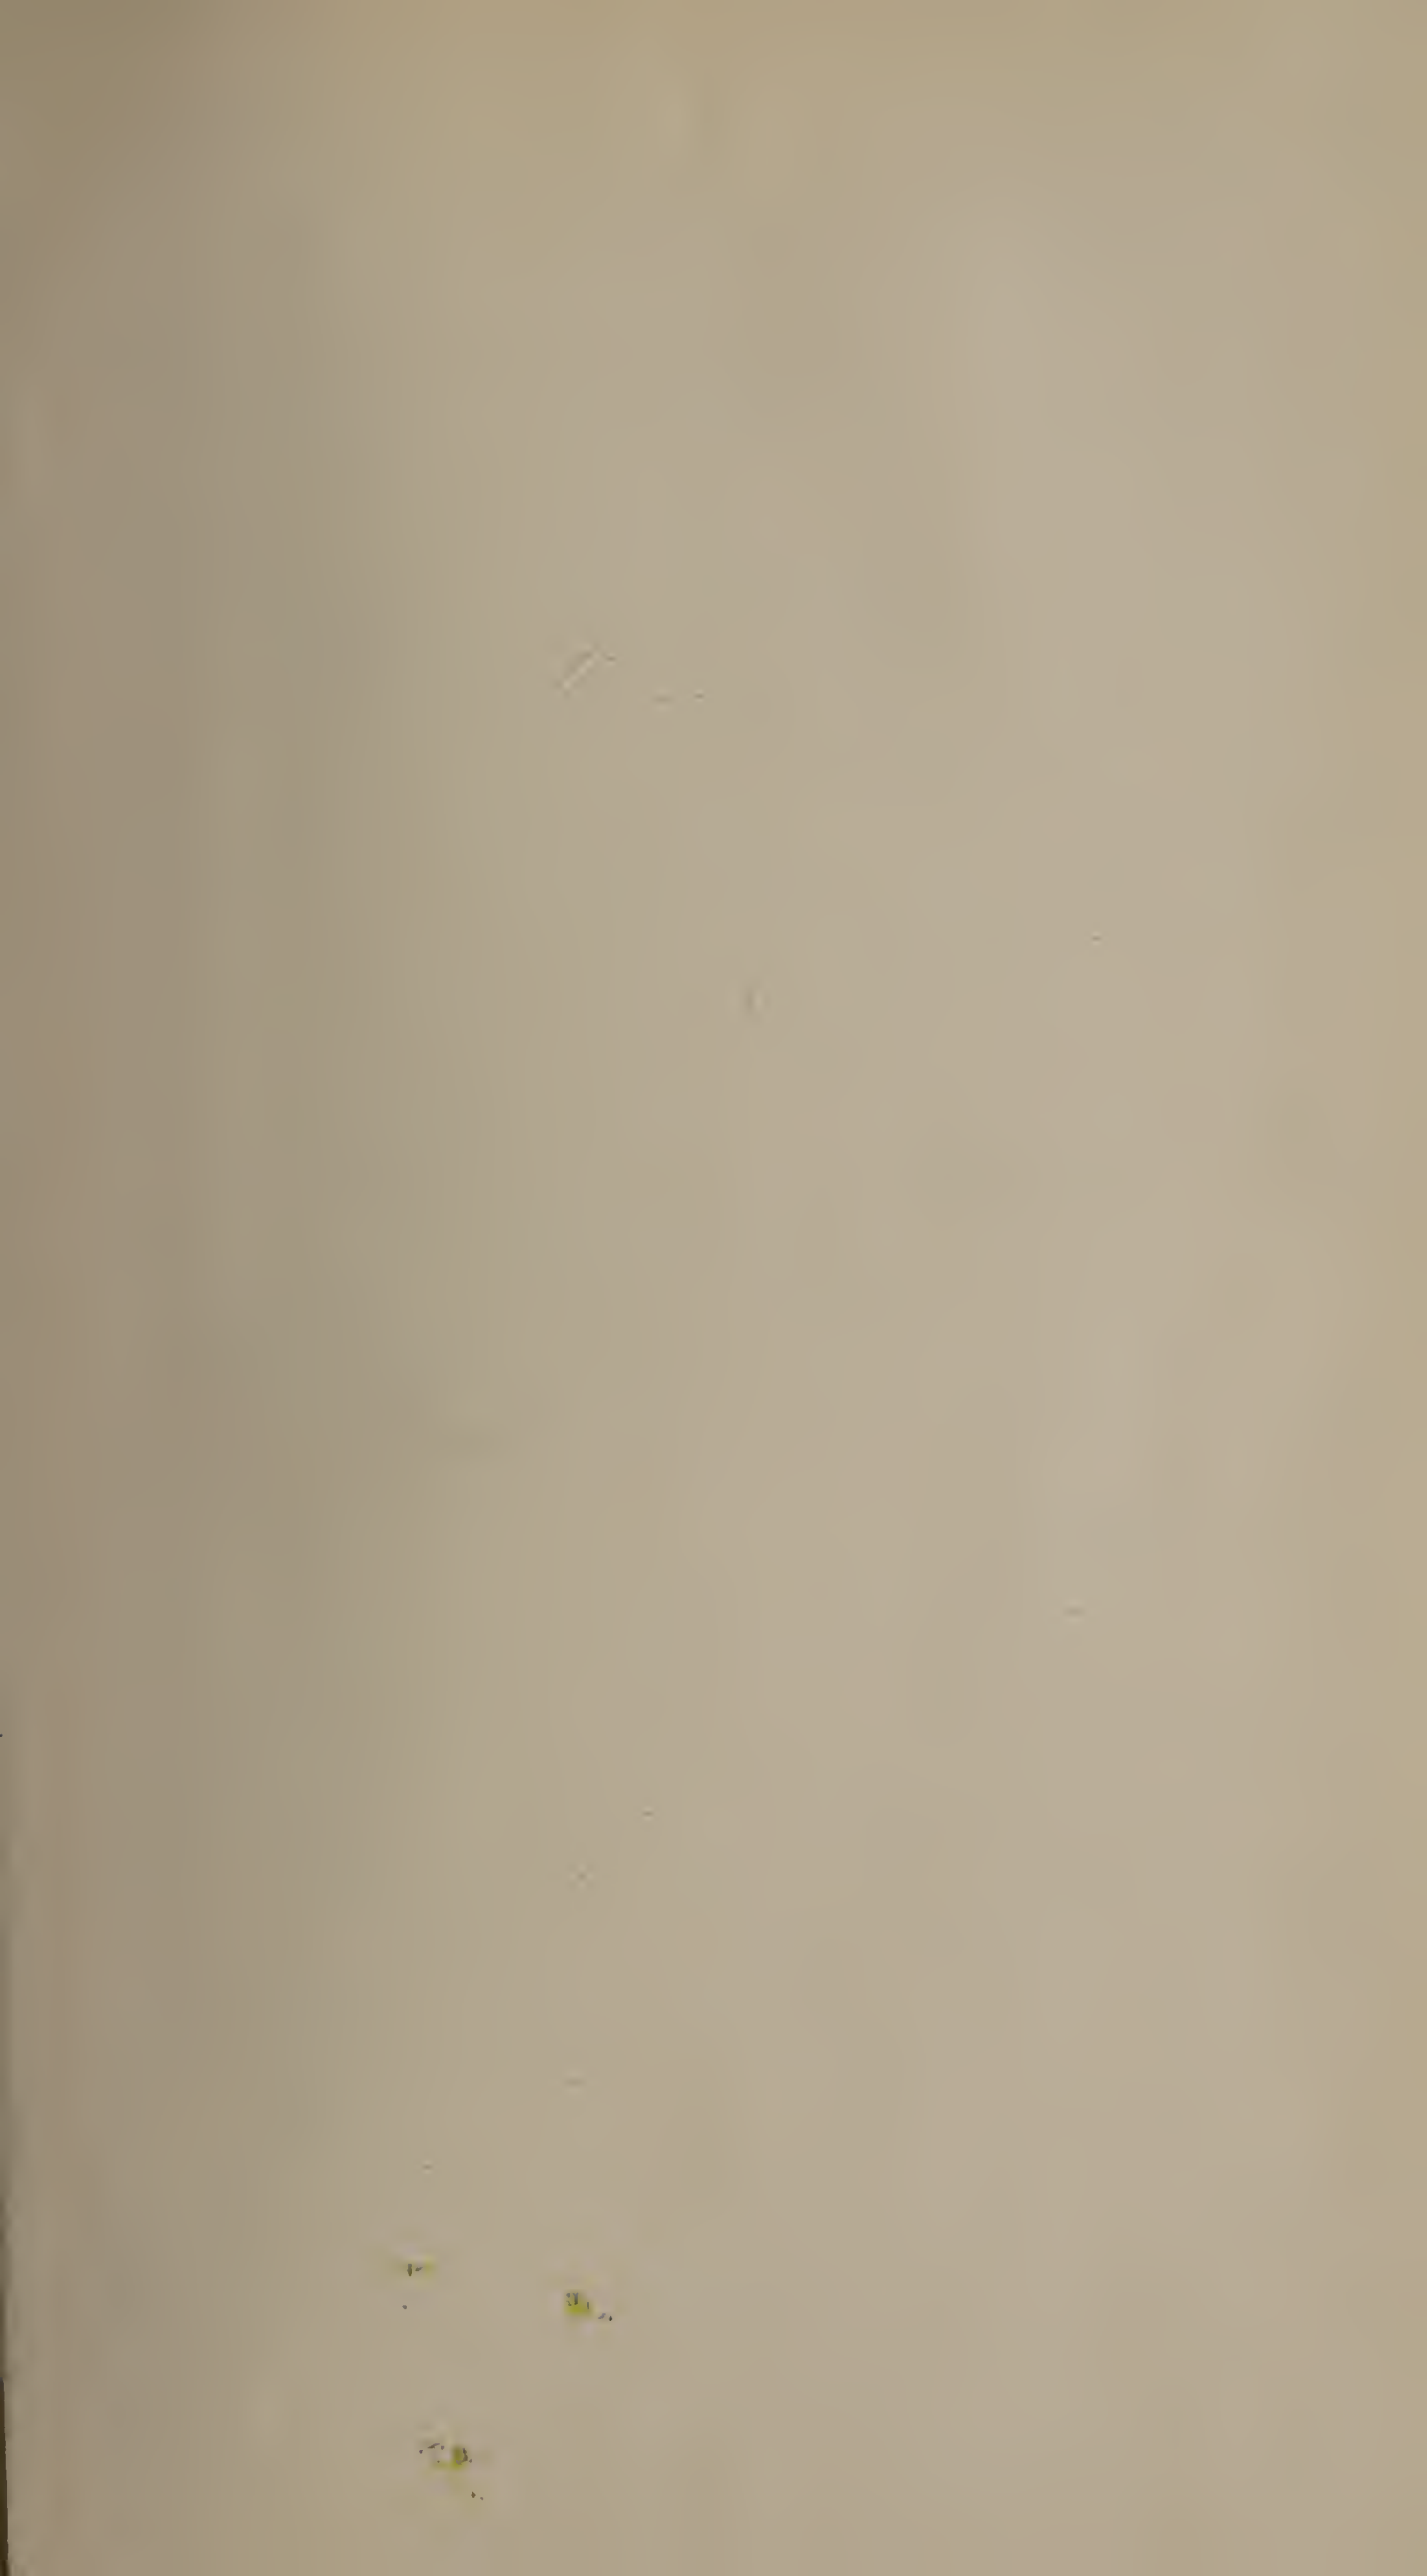

Liszt Organ, \$360.

The Liszt Organ, of large scale and capacity; the best organ which can be constructed from reeds. Suited for any use and adapted to any position. Price \$360. The same, two manuals, twenty-two stops; price \$570. Ebonyized cases, exactly imitating ebony, are now very fashionable; \$117 and up.

THE MASON & HAMLIN ORGAN CO., now regularly manufacture more than one hundred styles, including the lowest as well as the highest priced instruments of this class in the world, all of which, considering quality, excellence, and real value, are the *cheapest organs made*. The prices given in this advertisement are the lowest net cash prices from our own warerooms, except where otherwise stated.

FOR EASY PAYMENTS.—Organs are also furnished for easy payments, at only sufficient advance in prices to compensate for extra time and expense. After a first payment of one tenth of the price of the organ, other payments may be \$5 or more per month or quarter, according to value of the organ.
